Work Experience

Coding Bootcamp at UT Austin, Austin, TX

Full Stack Web Developer, October 2016 to Present

- built full stack websites on a weekly basis, often implementing technologies beyond the requirements
- tutored classmates who had difficulty understanding concepts such as building server requests and responses
- designated project tasks to teammates based on their strengths, improving overall project quality

Sno Worries, Destin, FL

Co-Owner, May 2016 to Sept. 2016

- set up a credit card reader, increasing sales by 50%
- implemented spreadsheet to track business finances and reduce spending by 10%
- attracted new customers by building social media presence through Facebook and Instagram

Dental Specialists of Westchase, Houston, TX

Dental Assistant, May 2015 to August 2015

- helped dentists during procedures
- established rapport with patients, which led to increased patient satisfaction
- prepared rooms for procedures ahead of time, improving productivity
